For Your Session

Portrait sessions may be held at our Western Shawnee Studio, in the comfort of your home, or a location of your choice. I love capturing little ones in their natural environment. At home, children often feel more comfortable and are more likely to play and have fun. It's the perfect environment for capturing those sweet little smiles and laughs that you as a parent adore!!

I strive to make each portrait session relaxed, fun, and beautiful. Like each child, each session will be unique to fit your family's needs. As a mother, I understand firsthand the challenges that come with photographing little ones. The perfect portrait can take time. Being the perfect model is hard work and often breaks are needed. That is why each of my sessions are held without time constraints. A one-of-a-kind portrait cannot be rushed!! While I don't want to overstay my welcome, I do want to stay long enough that you and I are both satisfied with the portraits that were captured.

After Your Session

Approximately two weeks after your session, I will post an online gallery for you to view your proofs as well as share with friends and family. Your proof gallery will stay online for 10 days. At this time you have the option of placing your order through the website using our shopping cart or you can schedule an in-person appointment.

Your portraits will be available to be picked up 10-14 days after your ordering appointment.

All ordered images are kept for one year in the event you should need to order
