Pay Registration Fee
Complete your Account details
YOU ARE SIGNED IN AS...
J Kneen
jason.kneen@gmail.com
This is the Google account that will be associated with your Developer Console.
If you would like to use a different account, you can choose from the following options below. If you are an organization, consider registering a new Google account rather than using a personal account.
Sign in with a different account
Create a new Google account
BEFORE YOU CONTINUE...
Read and agree to the Google Play Developer distribution agreement.
I agree and I am willing to associate my account registration with the Google Play Developer distribution agreement.
Review the distribution countries where you can distribute and sell applications.
If you are planning to sell apps or in-app products, check if you can have a merchant account in your country.
$25
Make sure you have your credit card handy to pay the $25 registration fee in the next step.
Continue to payment

Distribute
Package project for distribution to an Android store
Appcelerator Studio allows you to package your project for distribution to an Android store.
To package your Android app, we need a few pieces of information:
Android SDK:
Android 4.0.3 [x86]
Distribution Location:
\users\jkneen\desktop
Browse...
Distribution requires a valid keystore and private key to sign your application.
An optional alias can be specified for the private key.
For SDK < 3.2.0, the key must have the same password as the keystore.
Keystore Location:
/Users/jkneen/keystores/android.k
