

# CHAPTER 01:

The layers panel is a vertical window on the left side of the canvas. At the top, it has a header with a plus sign, a text icon (T), an image icon, and a document icon. Below this is a scroll bar with the word 'Screen' and a pencil icon. The main area contains three layers: 'Screen' with an eye icon, a black-to-white gradient bar, and a selection tool icon; 'Layer 01' with a selection tool icon and a lock icon; and 'Background' with an eye icon and a blue square thumbnail. The 'Background' layer is currently selected.

The tool palette is a curved bar at the bottom left of the interface. It contains several icons: a selection tool (white arrow), an eraser, a pencil, a brush, a color wheel, a lasso tool, and a copy/paste icon. The selection tool is currently active.

The Layers panel is a vertical window with a title bar containing a close button. Below the title bar are four icons: a plus sign, a 'T' for text, a landscape icon for image, and a document icon for new layer. A dropdown menu shows 'Normal' with left and right arrow buttons. The main area lists layers from top to bottom: 'Normal' (with an eye icon and a circular selection icon), 'Layer 05' (with an eye icon, a lock icon, and a vertical slider), 'Background' (with an eye icon, a lock icon, and a blue square thumbnail), 'Multiply' (with an eye icon and a grayscale bar), and 'Layer 01' (with an eye icon). The 'Background' layer is currently selected.

A curved toolbar containing various drawing tools: a pencil, an eraser, a brush, a color wheel, a selection tool (arrow), and a copy/paste tool. The toolbar is positioned at the bottom left of the canvas.

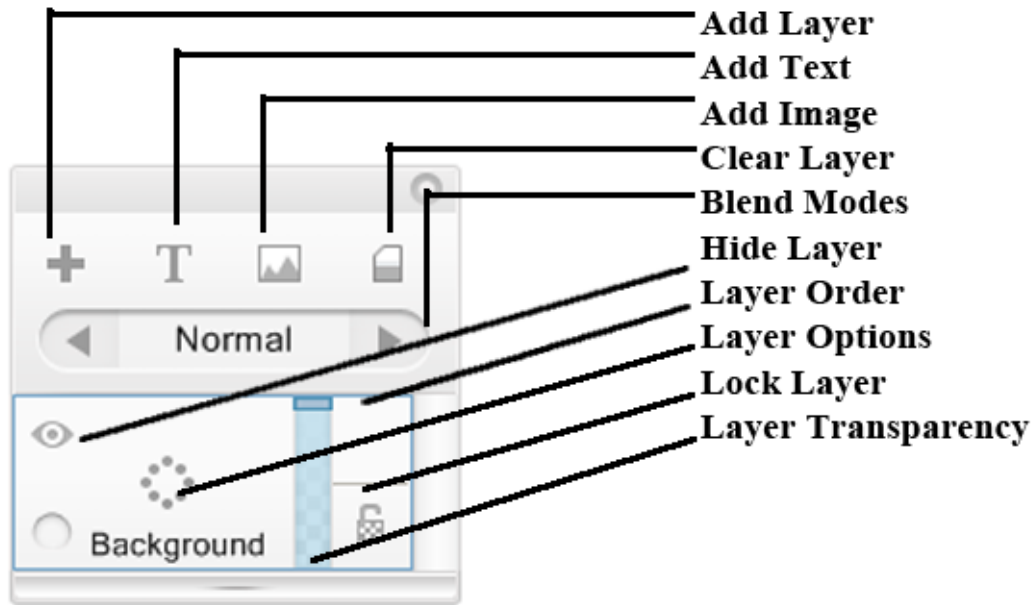

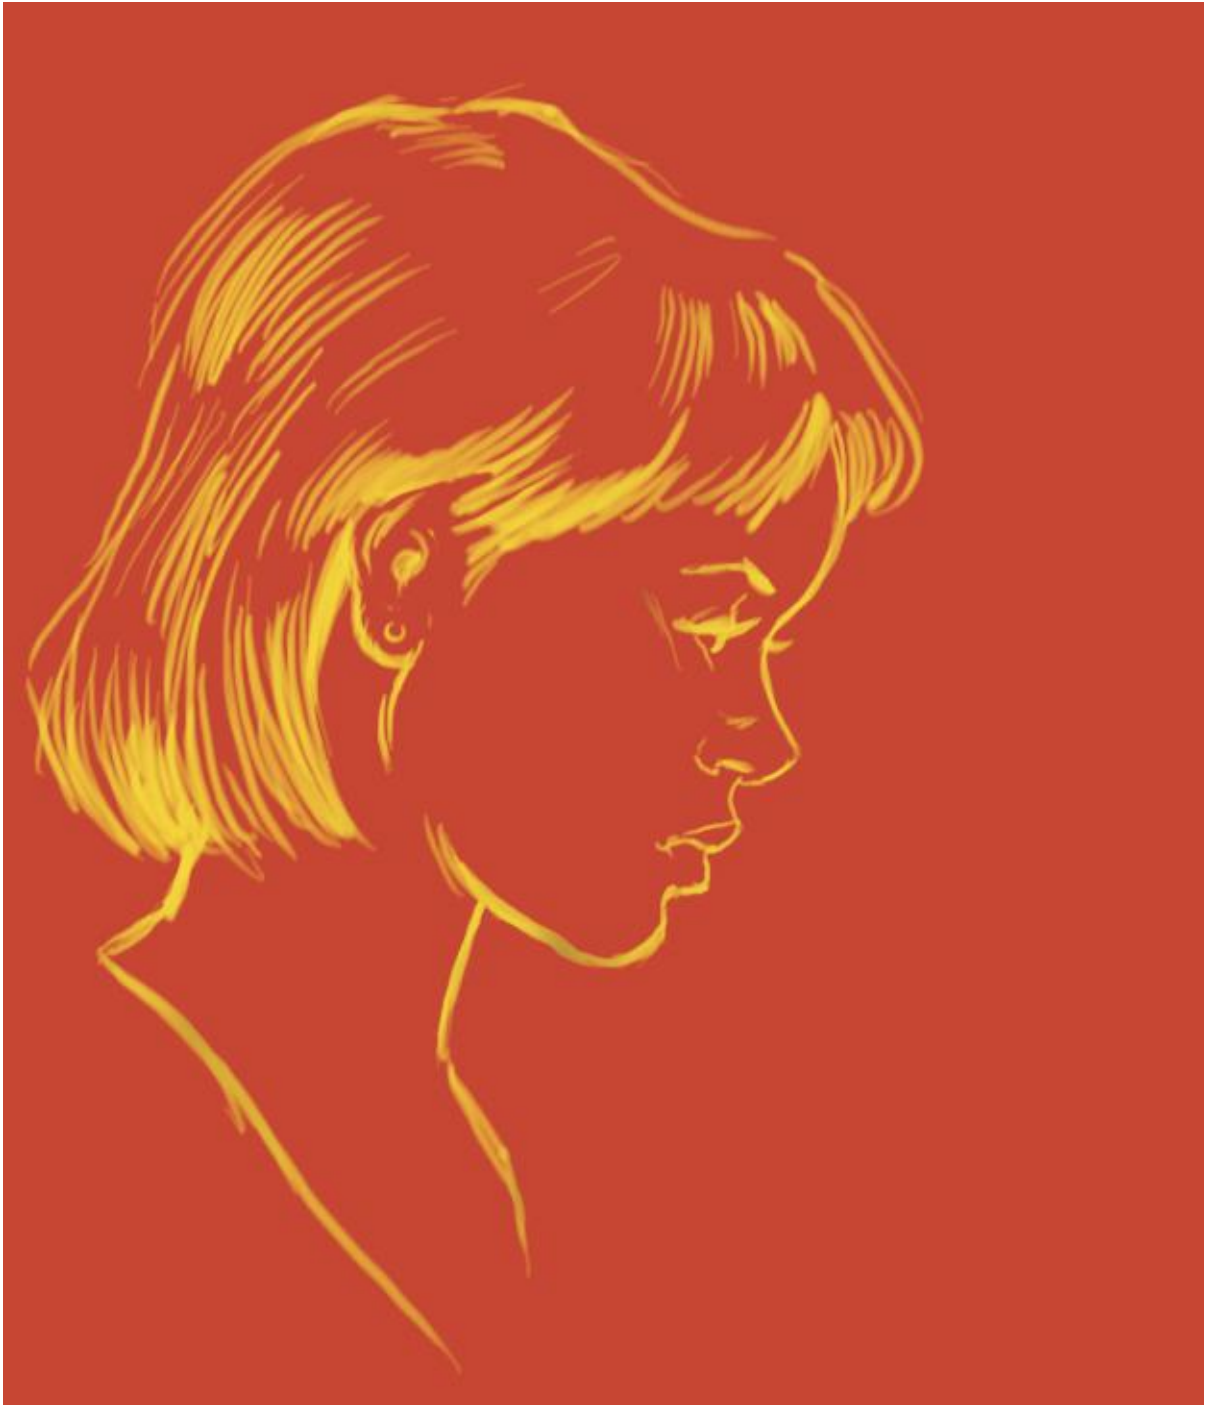

A vertical panel for managing layers. At the top, there are icons for adding a layer (+), text (T), image, and a lock icon. Below these is a dropdown menu set to 'Normal'. The main area shows two layers: 'Layer 01' with a black-to-white gradient bar and a lock icon, and 'Background' with a blue square and a lock icon.

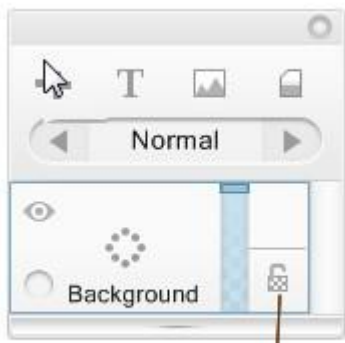

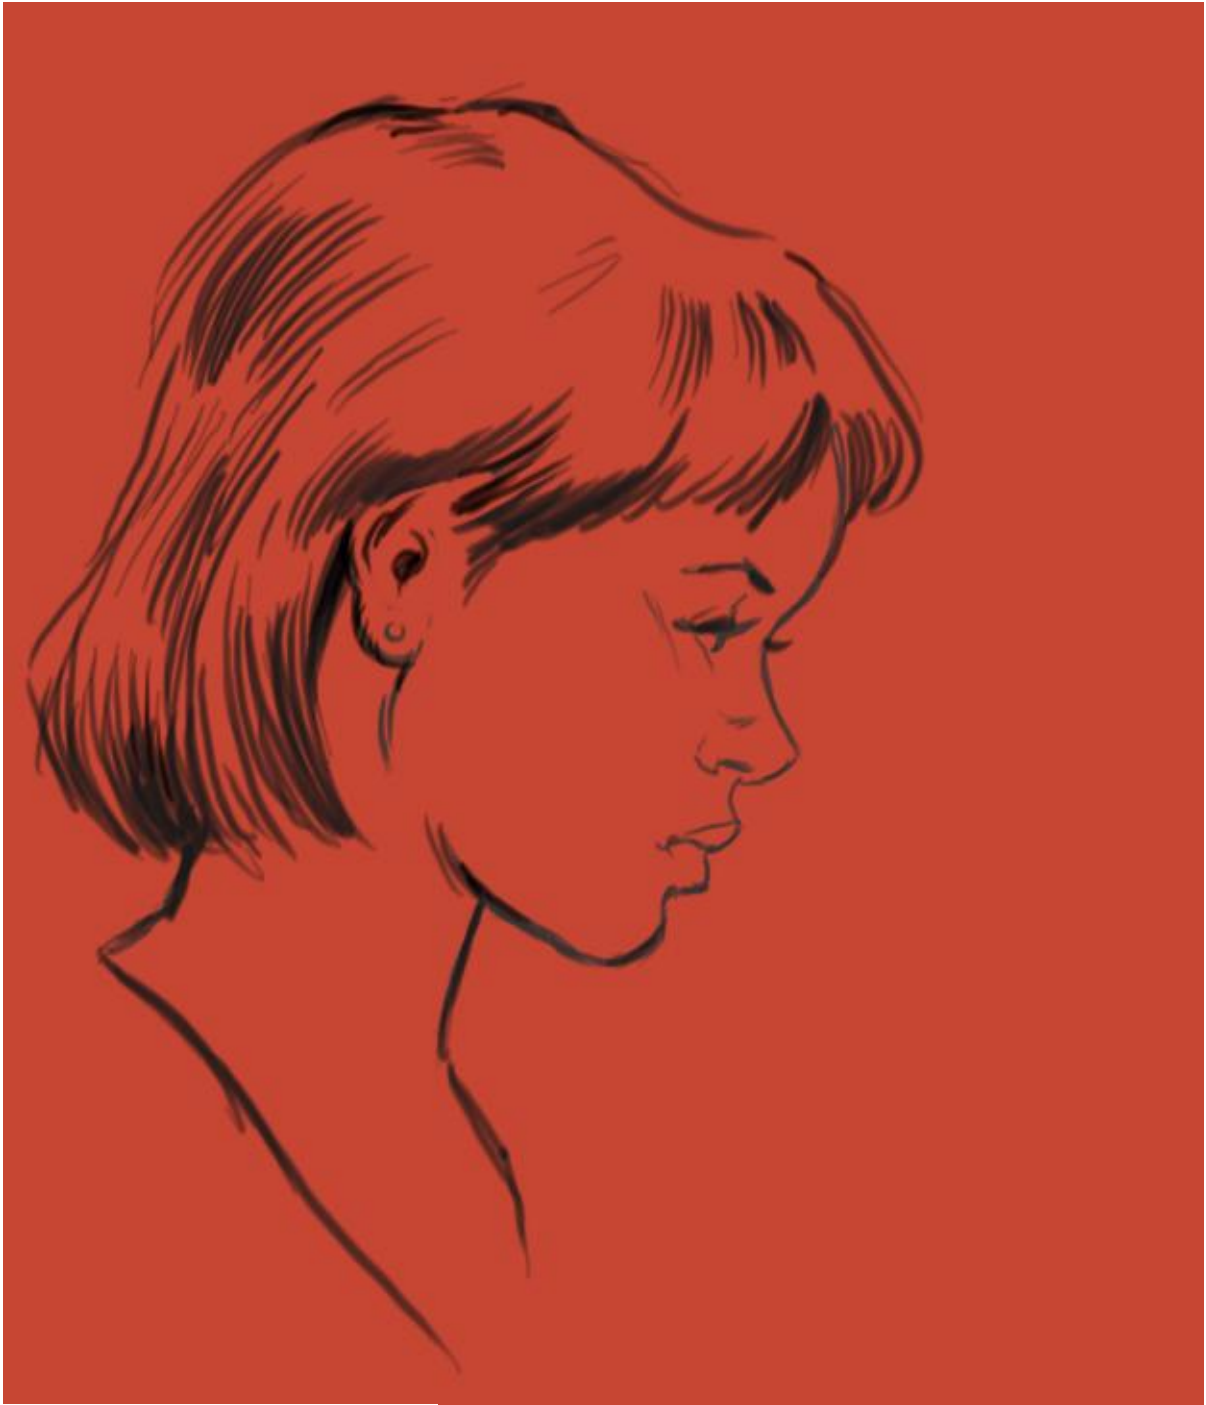

A vertical 'Colors' panel. It features a color wheel at the top, a triangular color gradient below it, and a grayscale bar on the left. To the right of the gradient, the RGB values are displayed as R: 255, G: 255, and B: 255. Below the values is a small white square and a grid of color swatches.

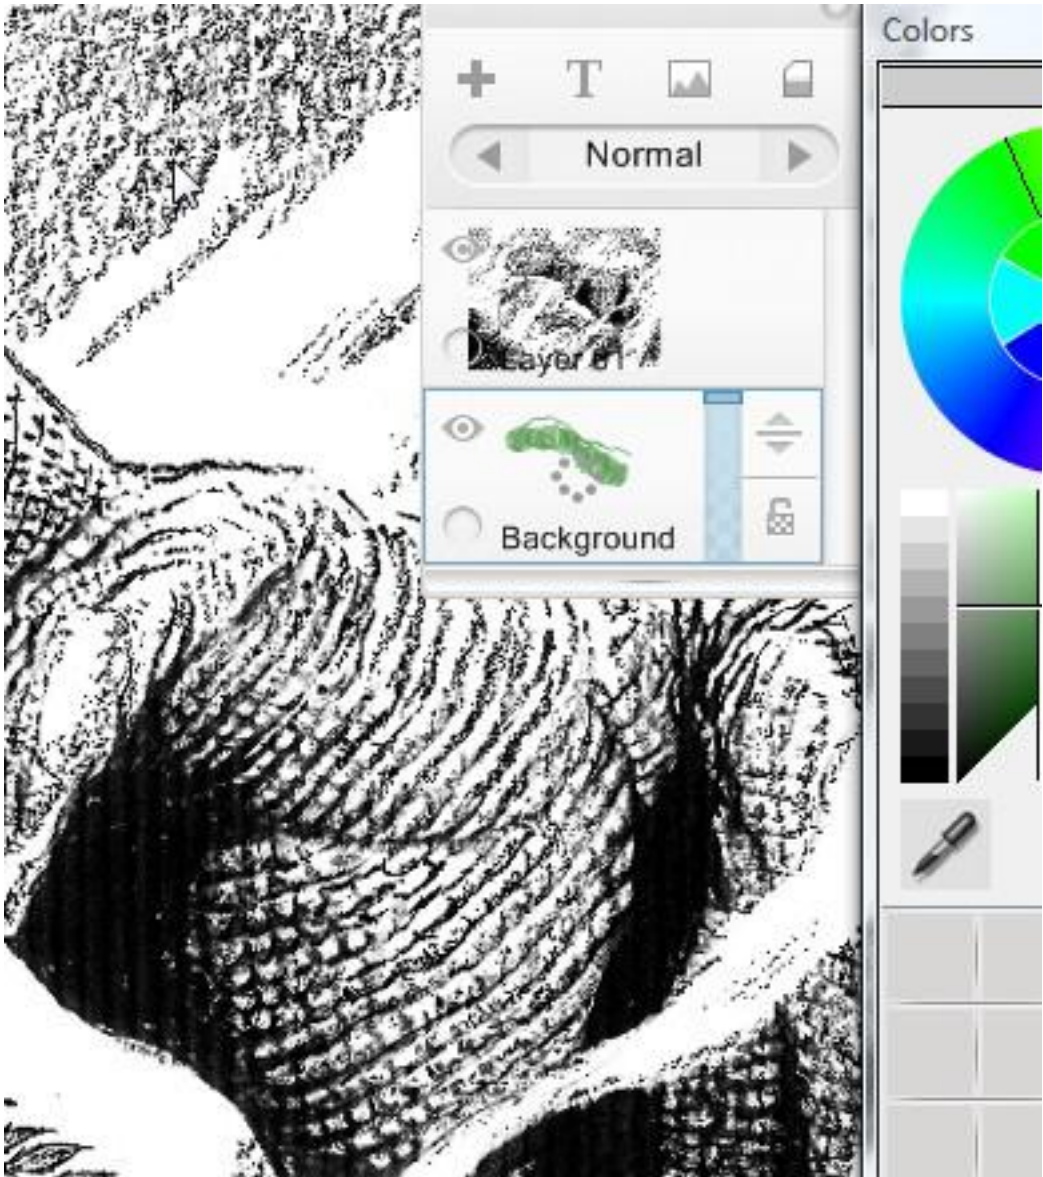

Lock Layer

Blend Modes

The layers panel is a vertical window on the left side of the canvas. At the top, it has a toolbar with icons for adding a new layer (+), text (T), image, and a key icon. Below this is a scroll bar with the word 'Multiply' in the center. The main area of the panel lists layers. The top layer is named 'Multiply' and is currently selected, indicated by a blue highlight. It has an eye icon to its left and a lock icon to its right. Below it is a layer named 'Layer 01', which is not selected and has a lock icon to its right. At the bottom is a layer named 'Background', which is not selected and has a lock icon to its right. The 'Background' layer is represented by a blue square icon.

Stylus Responsiveness ⌵

This slider will change how the stylus responds to pressure in the program.

Less  More

To make your brush more pressure-sensitive, create a do-it-yourself brush, and change the size and opacity.

Test the stylus on the canvas until it feels right.
