Chapter 6: Repository Management

The screenshot shows a web browser window with the address bar at `localhost:8080/timeline`. The page title is "Packt Test / Timeline" and the user is identified as "clif". A navigation bar includes links for Home, Timeline (selected), Files, Branches, Tags, Tickets, Wiki, and Admin. Below the navigation bar, there are filters: "Unhide", "Max: 50", "Any Type", and "Without Files". The main content area displays "25 timeline items" for the date "2016-12-20". A vertical timeline on the left shows commit nodes connected by lines, with a circular icon at the top. The commit messages are listed to the right of the timeline:
